

Rural Research Participants Wanted

This study will help us understand
how social life in a rural community affects health.

We'd like to talk to you if:

- You are 16 years or older
- You live in a rural community

You are invited to participate in an interview or a focus group. We want to hear about your experiences of rural life and social activities. This will take about 60 – 90 minutes of your time. You will receive a \$10 to \$20 gift card as a thank you.

For information about this study or to set up an interview, please contact:
